Town Marshal J. Wampler stated that in the past month E. Mitro, S. Carr, A. Buroker have spoke to him about the noise ordinance in reference to section 9-80, the need for a warrant to enter a residence without the owners permission.

In the noise ordinance, the dollar penalty for a summons was agreed upon that it would be \$250.00. If paid in advance the fee would be \$100.
The definition of "paying in advance" and a definite time period in which to pay should be stated in the ordinance.

J. Wampler was asked by D. Crane to explain what initiated the need for a noise ordinance. Marshal Wampler gave a brief background of events leading up to the forming of a noise ordinance.
Revisions in the ordinance were discussed and noted.
Final copies of the noise ordinance will be issued to the safety board members by Marshal Wampler for their consideration at the March 16, 2005 Safety Board meeting.
 - B. Radio Communications Update
J. Wampler met with Boone County Sheriff D. Brannon, representatives from Motorola, several Fire Chiefs of Boone County at the Boone County Jail.

Forty radios will be passed out to various agencies in Boone County to be tested. Maps were issued on what is believed to be the coverage area in Boone County based on a 3 tower system. When tested by Zionsville Police, communications were below standard with the use of one tower. It was recommended that the 3 tower system be established. The Town of Zionsville would either erect another tower or share the use of a near by tower.

Marshal Wampler will be on both a finance committee and a technical committee that was organized during the radio communications meeting. The projected date for the system to be up and running is January 1, 2006.

Grants may be available and 911 charges may assist financially with this project.
